

27 December 1950

Mr. F. C. Alexander  
President's Communications Policy Board  
Washington 25, D. C.

Dear Mr. Alexander:

I have reviewed with interest the statements of policy set forth in P. C. P. B. #7 which was forwarded with your letter of 16 December 1950.

In general I believe that this compilation is sufficiently complete and comprehensive in scope to provide essential guidance for the conduct of national communications matters.

I have no recommendations of major consequence to add to the Board's draft proposal.

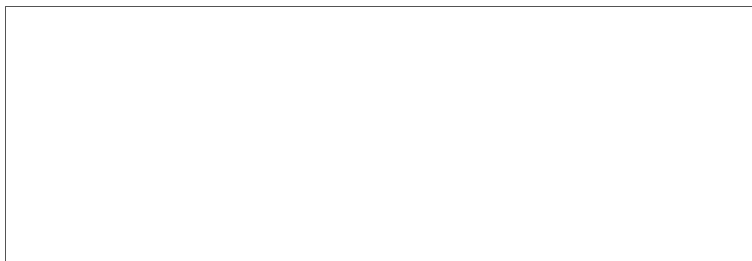

The basic publication is returned with thanks.

Sincerely,

STAT
